

LAURA SPECTOR RUSTIC DESIGN

“A Timeless Treasure”
INTERIOR DESIGN 75th Anniversary edition

An internationally acclaimed artist and designer, Laura Spector, is probably best known for her uniquely lyrical interpretation of the organic form.

Based in Fairfield, CT, her furniture and objects d’art are made almost entirely by hand, each design a unique treasure- the perfect embodiment of her talent, sensibility and love of nature

Recipient of numerous awards for design excellence, and featured in countless publications, *INTERIOR DESIGN* Magazine recently added LAURA SPECTOR to their well- curated collection of “*iconic designers*”- an accomplishment all the more extraordinary considering just two years ago she was honored to be named “One of North America’s Top Ten Up and Coming Furniture Designers”

Laura Spector’s work has come to the attention of such diverse clients as Bergdorf Goodman, Grounds for Sculpture, Sting, Catherine Malandrino, Ralph Lauren, Oprah, Blackglama, Cindy Crawford, the Chateau Relais and “W” Hotels and as far as the Kingdom of Bahrain.

Whether working with the natural form or more complex materials, such as her recent Bronze Collection, Laura brings a timeless elegance, refined simplicity and a touch of wit and whimsy to all her designs.
