

Draper Mirror

Ah, Dorothy Draper, with your white on white, tongue in cheek Palm Beach Aesthetic, “*decorating can be fun?*”

And what can be more “*fun*” than a delightfully simple braided bark mirror? Indoors or out, Laura Spector’s 34” round Draper wall mirror is a whimsical and durable confection suitable for any décor.

Shown in our favorite glossy and glamorous Dorothy Draper white, the mirror is fabulously dramatic in a glossy black finish, opulent in gold or silver leaf and wonderfully woodsy in our signature rustic finish.

The mirror, like all pieces from the new Laura Spector Collection, is made from molds taken from oriental bittersweet vines, then cast in metal and re-imagined by the artist so that each piece is slightly unique.
