

SENDAK Lamp

Inspired by **MAURICE SENDAK'S** classic *Where The Wild Things Are*, the **SENDAK** lamps are perfect for “*anyone who has ever made mischief of one kind or another.*”

Cast in metal from actual silver birch logs, the **SENDAK** - with its rough hewn finish, polished steel base and majestic proportions, makes a strong sculptural statement wherever it takes “root.”

72” tall x 5” diameter on a 12” square polished steel base
